Acupuncture

Your Group makes available to you and your eligible dependents a complementary health benefits program for acupuncture. This program is provided through an arrangement with the ACN Group of California, Inc. dba OptumHealth Physical Health of California (OptumHealth). OptumHealth monitors the quality of the care provided by participating OptumHealth providers.

How to Use the Program

With OptumHealth, you have direct access to more than 950 credentialed acupuncturists servicing California. You are not required to predesignate an OptumHealth provider or to obtain a medical referral from your primary care physician prior to seeking acupuncture services. Additionally, you may change participating acupuncturists at any time.

Our program is designed for your convenience. You simply pay your copayment or coinsurance at each visit. There are no deductibles or claim forms to fill out. Your OptumHealth provider coordinates all services and billing directly with OptumHealth.

Annual Benefits

Benefits include acupuncture services that are Medically Necessary services rendered by an OptumHealth participating provider. In the case of acupuncture services, the services must be for Medically Necessary diagnosis and treatment to correct body imbalances and conditions such as low back pain, sprains and strains (such as tennis elbow or sprained ankle), nausea, headaches, menstrual cramps, carpal tunnel syndrome, and other conditions.

Calculation of Annual Maximum Benefit Limits

Each visit to an OptumHealth participating provider, as described below, requires a copayment by the member. A maximum number of visits to either an OptumHealth participating acupuncturist per calendar year will apply to each member.

Acupuncture Services: Adjunctive therapy is allowed

at each office visit. If adjunctive therapy is provided without acupuncture treatment, the adjunctive therapy will count as an office visit toward the maximum benefit. If an examination or re-examination is supplied without acupuncture treatment, the examination or re-examination will count as an office visit toward the maximum benefit.

Provider Eligibility

OptumHealth only contracts with duly licensed California acupuncturists. Members must use OptumHealth participating providers to receive their maximum benefit.

Types of Covered Services

Acupuncture Services

1. An initial examination is performed by the OptumHealth participating acupuncturist to determine the nature of the member's problem and to provide or commence, in the initial examination, Medically Necessary services that are Covered Services, to the extent consistent with professionally recognized standards of practice, and to prepare a treatment plan of services to be furnished. An initial examination will be provided to a member if the member seeks services from an OptumHealth participating acupuncturist for any injury, illness, disease, functional disorder or condition with regard to which the member is not, at that time, receiving services from an OptumHealth participating acupuncturist. A copayment will be required for such examination.
2. Subsequent office visits, as set forth in a treatment plan, may involve acupuncture treatment, a brief re-examination and other services, in various combinations. A copayment will be required for each visit to the office.
3. A re-examination may be performed by the OptumHealth participating acupuncturist to assess the need to continue, extend or change a treatment plan. A re-evaluation may be performed during a subsequent office visit or separately. If performed separately, a copayment will be required.
