

New Hire Benefits Enrollment Information

Welcome to Redlands Unified School District. Following is the information needed to enroll in your employee benefits. You must complete enrollment **within 30 days of date of hire**. We know benefits are an important part of your total compensation, providing important protections and significant value to you and your family.

What is the Right Choice for You?

Be sure to compare your medical choices carefully and select the plan which best meets your family's needs.

The plans differ in the following ways:

- How much you have to pay out of your own pocket when you receive care;
- Your premium (your cost for coverage, which you pay through pre-tax and after-tax payroll deduction)
- Covered expenses and exclusions: the plans cover the same expenses, but at different levels;
- Whether the plan provides coverage for out-of-network providers.

Each plan provides coverage for a variety of health care services and supplies, including preventive care, inpatient and outpatient services, and prescription drugs. The difference is how the plans pay benefits for this care. You can compare plans in ***BenefitBridge***.

Redlands Unified School District offers employees direct access to enroll in and view benefits through our Employee Benefits Web Portal – ***BenefitBridge***.

What is the BenefitBridge Portal?

The ***BenefitBridge*** portal is a secure website and gateway to your personal benefits information, health and wellness resources and a multitude of decision support tools. The portal requires user registration for security and can be accessed from any computer with an Internet connection. Attached are instructions for logging in, establishing your passwords, benefit option choices, employee costs and resources available on the ***BenefitBridge*** website. If you do not have computer access, you are welcome to visit your benefits department who has a computer kiosk for enrolling.
