## Title IX Proportionality Figures for RHS

Providing participation opportunities for male and female RHS student-athletes is one of our top priorities. The percentage of female student-athletes should be proportionate to the overall female population of the school. The ratio needed for compliance is determined on a case by case basis by the Office of Civil Rights (OCR) but in general, to be considered “proportional” means the ratios must be within five percent (5%) or less. The participation figures at RHS during the 2016-17 school year were as follows:

<b>TOTAL Participants for RHS 2016-17</b>	<b>Male: 543 Female: 447</b>
<b>Male Participants / Total Male Population:</b>	<b>543 / 1170</b>
<b>Female Participants / Total Female Population:</b>	<b>447 / 1070</b>
<b>% of Male athletes / % Male Population:</b>	<b>54.8% / 52%</b>
<b>% of Female athletes / % Female Population:</b>	<b>45.2% / 48%</b>
